STATUS OF FSRU Q1/2023 CAPACITY RESERVATION

Finnish Energy Authority approved the terminal rules and associated documents on November 30, 2022. Therefore, the terminal capacity allocation will start on December 5, 2022. SPOT capacity will be allocated on a first-come-first-served basis. However, requests arriving on the same calendar day will be deemed to have arrived at the same time.

Kindly note that terminal capacity reservations will be made using the form in Annex 8 of the terminal rules. Also, please submit your company's relevant documentation as described in Annex 8 and clause 5 of the terminal rules.

In this document, the Terminal operator publishes the up-to-date status of capacity reservations. **Green** color means that the slot is available and **red** color means the slot is reserved.
