

## FEES AS OF 1 JANUARY 2024

| Service   | Fee                    |
|---|------------------------|
| Account holder's registration                     | 1 000 € / registration |
| Production device's registration                  | 300 € / registration   |
| Account holder's annual fee                       | 1 800 € / year         |
| Production device's annual fee                    | 600 € / year           |
| Issuance of GO                                    | 0,25 € / MWh           |
| Export of GO (EU/EEA countries)                   | 0,25 € / MWh           |
| Import of GO (EU/EEA countries)                   | 0,25 € / MWh           |
| Other extra work                                  | 150 € / h              |
| Export of GO (EU/EEA countries), EECS*            | 0,25 € / MWh           |
| Import of GO (EU/EEA countries), EECS*            | 0,25 € / MWh           |
| Production device's re-registration* <sup>1</sup> | 200 € / registration   |

Full-year annual fees will be charged in 2024. The valid amount of Value-added tax shall be added to the service fees.

\*To be implemented once the service terms are confirmed. The prices for the EECS GO system and the national GO system are the same.

<sup>1</sup>Charged when switching from one standard to another (from national GOs to EECS GOs or vice versa). For production devices that are already registered in the gas and hydrogen GO register when the new service terms come into effect, no re-registration fee will be charged at the time of the first new standard registration. The first registration (continuation of national GOs or transition to EECS GOs) must be made within three (3) months of the service terms coming into effect.
